

Expression of Interest: Sustainable Eco-Tourism Study in Yasawa

The iTaukei Land Trust Board (TLTB) is inviting expressions of interest from individual consultants and professional firms to conduct a comprehensive study on the sustainable status of eco-tourism operators for landowners in Yasawa.

This initiative aims to enhance the quality of eco-tourism operations and support the economic development of landowning communities through improved sustainability practices.

Study Overview

The selected consultant(s) will be responsible for:

- Evaluating the current standard of accommodation and services provided by eco-tourism operators who are landowners in Yasawa.
- Assessing the operators' awareness and management of their business operation.
- Identifying the training and technical support needs of these operators.
- Recommending how the TLTB can assist in elevating operational standards and sustainability practices for these operators.

Eligibility

Applicants should have:

- Proven experience in tourism research, especially in eco-tourism.
- Strong background in assessing business operations and sustainability practices.
- Excellent stakeholder engagement skills.
